Impressive Ceremony Unites Couple

In an impressive ceremony performed at the Presbyterian Church, Yellow Springs, Miss Anna Thompson Dawson, daughter of Mrs. William M. Dawson, Yellow Springs, was united in marriage to Mr. Cornelius Searle Hurlbut, Jr., son of Dr. and Mrs. C. S. Hurlbut, East Longmeadow, Mass., Saturday evening at 8 o'clock.

Preceding the ceremony, while more than 300 guests were assembling, Miss Margaret Williams, Yellow Springs, presented a half hour's program of Wagnerian nuptial music on the organ. At the approach of the bride party her music blended into the strains of the "Wedding March" from "Lohengrin" by Wagner.

The wedding procession marched down the center aisle of the church, led by the ushers, Messrs. William H. List Jr., Newark, N. J., and Roderick M. O'Connor, of Antioch College. The bride's maids, Mrs. Merrill Dawson, a sister-in-law of the bride and a sister of the groom, and Miss Eleanor Hurlbut, of East Longmeadow, Mass., also a sister of the groom, walked next. They were dressed alike in models of green chiffon, which were ankle length and were completed with short jackets of the same material. The bride's maids wore peach and accessories were peach shade and

each carried a bouquet of roses, delphinium and baby's breath. Miss Charlotte L. Dawson, Newark, N. J., sister of the bride, as maid of honor, walked alone. Her gown was of peach triple sheer crepe, made similar to the gowns of the bride's maids. Her footwear was green and she carried a bouquet similar to the bride's maids.

The bride entered on the arm of her brother, Dr. Clyde Dawson, Yellow Springs. Her gown was of white mousline de lair over white satin. Her wedding veil of tulle fashioned with a cap of old lace was caught with orange blossoms. Her accessories were white and she wore white lace mits. She carried a shower bouquet of white and pale pink rose buds and baby's breath.

The wedding party was met at the altar by the bridegroom, his best man, Mr. Merrill Dawson, the bride's brother, who is head of the physical education department at Antioch College, and the officiating minister, Rev. Carl White. Rev. White read the double ring ceremony and the bride was given in marriage by her mother. During the ceremony Miss Williams played Schubert's "Serenade."

The bride party stood at the altar with an immense basket of lilies, roses, delphinium and baby's breath forming a background. The church had been attractively decorated for the occasion with garlands of roses, daisies and other garden flowers. Mendelssohn's "Wedding March" was played by Miss Williams as the wedding party left the church.

Following the ceremony more than 100 guests were entertained at a reception at the Dawson home on N. College St., Yellow Springs. Light refreshments were served during the evening.

Mr. and Mrs. Hurlbut left by motor late Saturday evening for Oceanide, Calif., where Mr. Hurlbut will be engaged in research work in Southern California during the remainder of the summer. They will return east in September and will reside at Cambridge, Mass. For her going-away outfit Mrs. Hurlbut wore a blue and white ensemble of triple sheer crepe and blue accessories.

Mrs. Hurlbut, whose father, the late Dr. W. M. Dawson, was at one time president of Antioch College and was head of the German department of the college many years, is a graduate of Antioch with the class of 1930. For the last two years she has been head of the physical education department for women of Monticello High School, Cleveland Heights. Following her return from Cleveland this year many pre-nuptial parties were given in Yellow Springs in her honor.

ROOSEVELT FORCES ARE OPTIMISTIC AS CONVENTION NEARS

(Continued From Page One)

party will make a clear and explicit declaration on prohibition. Indications are therefore that the Democrats will find it relatively easy to agree. Generally they appear to be leaning toward a proposal for submitting an amendment similar to the minority Bingham repeal proposal which the Republican convention rejected last week.

Roosevelt will be placed in nomination by Judge John E. Mack of Poughkeepsie.

From the purely political viewpoint, strategists considered the selection as appealing to some of the eastern Alfred E. Smith territory. Mack, like Senator Thomas J. Walsh, the Roosevelt candidate for permanent chairman of the convention, is a Catholic.

Roosevelt recently brought about the naming of a Southern Methodist, Senator Alben W. Barkley of Kentucky as temporary chairman and convention keynote.

Thus the Roosevelt men, intentionally or otherwise, have made use of the two sides in the religious issue which played so strong a part in the Smith-Hoover 1928 campaign.

The prohibition issue is shaping toward a division between the two parties on whether the states or congress should determine the method of manufacture, sale and distribution.

Little has been said in either party group about the possibility of rushing through modification of the Volstead act while waiting for the states to pass on the proposed constitutional amendment. Smith urged such stop-gap action in his campaign in 1928. Shouse recently suggested it.

Roosevelt forces opened their

headquarters here on the lakefront over the week end. Campaign Manager Farley, hung up a U. S. map showing Roosevelt states in red, forty-one states and territories either instructed, pledged or favorable. They counted also on having at least a friendly, if not instructed, delegation in Indiana as a result of the state Democratic convention in Indianapolis today.

The total first ballot vote claimed by Farley for Roosevelt is 691. He figured that before the vote is officially announced, sufficient additional votes would switch to Roosevelt in sufficient numbers to push him up to 770—the two-thirds necessary to nominate.

Roosevelt forces claim everything except the following: Alfred E. Smith—New Jersey, 32; Massachusetts, 36; Connecticut, 16; Canal Zone, 6; Rhode Island, 10—total 100.

John N. Garner of Texas—California, 44; Texas, 46—total 90. J. Hamilton Lewis of Illinois—Illinois 68.

George White of Ohio—Ohio, 52. James A. Reed of Missouri—Missouri, 36.

Harry F. Byrd of Virginia—Virginia, 24.

William Murray of Oklahoma—Oklahoma, 22.

Albert C. Ritchie of Maryland—Maryland, 16.

Sixteen Pennsylvania votes and 49 in New York are posted as doubtful by the Roosevelt forces.

Omitting the powerful New York and Pennsylvania votes, the Roosevelt people concede to their opponents more than the one-third necessary to stop him. Their answer is that several states are strongly Roosevelt as second choice. They expect some of these particularly Missouri, Virginia and Oklahoma, to make a break before the first ballot is over and throw in enough to make the necessary 770 votes.

Headquarters have been assigned on "Candidate Row" in the Congress Hotel for Ritchie, Roosevelt, Garner, Byrd, Reed, Smith and Murray.

Smith and Raskob are due by Wednesday at the latest.

ability, the writing talent—by their very character give tremendous power, but do not necessarily add to the worth of life. Again in many instances in the history of the earth, species of greater worth may have been eliminated by those of greater power, just as in the case of human races, power and inclination to do violence may have won over worth or the capacity to add to the desirability of living. No destiny has decreed that in each particular case power shall be in proportion to worth.

"But here is the other side of the case. Man emerges with the capacity to appraise and to judge his environment and himself. He has a combination of purpose and the power to realize purpose. "Sometimes in moments of quiet you must have asked yourselves.

Reversible Beret

Here's a sports beret that can be worn inside out as desired. Above, Maureen O'Sullivan, screen player, is shown with the beret right-side out—the dark suede side showing; below she has reversed the headwear and is wearing it inside out—the angora side uppermost, showing the Olympic colored decorations.

Classified Advertising Brings Results

Let THE GAZETTE classified advertising section help you in your business. Just telephone numbers 800 or 111 and ask for an ad taker. A trained ad writer will be glad to assist you in preparing your copy in order to obtain the best results.

All advertising copy, however, should be in the GAZETTE office not later than 9:30 a. m. of the day it is intended for publication. This guarantees publication on that day and insures proper set-up for your copy.

Errors, typographical or otherwise, will be corrected if notice is given immediately after the first insertion. The GAZETTE cannot be responsible for more than one incorrect insertion unless proper notice has been given before the next insertion.

The GAZETTE must reserve the right to restrict all advertisements to proper classification, style and type and to edit or reject any advertisement.

Mysteries Go Great Stars Added Of Late

Mystery films are going to have much more important parts this year than in the past, is the word. Paramount has just assigned Richard Arlen to "Riddle Me This", which already boasted the two big names of Edmund Lowe and Victor McLaglen.

The tendency is otherwise evident in Harold Lloyd's half-way consent to star in "Whistling in the Dark", for United Artists. The comedian is withholding a final decision until he sees Ernest Truax play it on the stage.

One of the reasons for the whetted interest in these thrillers is that they abound in action and everybody agrees that action is what

Farmer could easily pass as far as looks go. However, he's had no previous acting experience.

Universal officials registered chagrin when George Brent paid a visit to the studio last week. They had him under contract for six months and then let him go. Now he's in big demand.

Carole Lombard and William Powell are still trying to catch their breath from having to move out of their house on twenty-four hours' notice. Their lease had expired and they were renting from month to month. Then the landlord called up one morning and said he had leased the place to someone else. Walter Winchell says this couple is not getting along as well as could be expected but there have been no definite reports of this from Hollywood.

Twenty Years '12- Ago -'32

With wheat promising a yield of only six bushels an acre in Ohio, and a total yield of less than 7,000,000 bushels when there should be forty millions, and timothy hay selling at \$28.84 a ton, it becomes a moot question whether it is cheaper to be a horse or a man.

While papering a ceiling, Arthur Buckels fell from a running board, landing in such a way that a pair of scissors that he was carrying in a pocket of his overalls, stuck in the calf of his leg inflicting a bad wound.

The life membership in the Xenia Elks' Lodge, offered to the member who sold the most admittance tickets to the recent Elks' Exposition in Xenia, has been awarded Jacob Kany, who sold 1,200 tickets.

HUSBAND DIVIDED HOUSE WIFE SAYS; TWO ASK DIVORCES

Her husband divided their house and yard March 1, 1930 and thereafter lived apart from her, Carrie Straley sets forth in a suit for divorce from William H. Straley, near New Burlington, on file in Common Pleas Court.

Moreover, the wife asserts she and her husband jointly own twenty-five acres of farm land, but that the defendant refused her permission to pasture a few cows, her principal means of support, upon the land, as a result of which she was compelled to pasture them daily along the public highway.

Asking to be awarded alimony, the plaintiff seeks a restraining order to prevent her husband from disposing of real estate and molesting her, and wants him barred of sharing in her interest in property. The couple was married February 3, 1921. They have no children.

Wilbur Wright, Second and Orange Sts., Xenia, is made a co-defendant in a suit for divorce, filed by Ramond L. Wells, R. R. No. 4, Xenia, against Bessie Wells, 214 Morton Ave., Dayton, whom he charges with neglect of duty. The husband charges his wife devoted her affections to Wright. They were married June 5, 1923, and have no children. The plaintiff asks an equitable division of property and a restraining order to prevent the defendants from molesting him or disposing of personal property.

FORECLOSURE ACTION

Foreclosure of mortgaged property in Bath and Cedarville Twp., for non-payment of \$8,994.79, is sought by the Home Building and Savings Co. in a suit filed in Common Pleas Court against Lewis M. and Effie Pennewit, Columbus Pike, and Marcus D. Hansing, Dayton. Attorney H. D. Smith, representing the plaintiff, asks for appointment of Sheriff John Baughn as receiver to collect rental money from tenants on the property.

Hunter, as administrator of the estate of Albert Zeiner, late of Jamestown, for appointment of a receiver for the partnership assets of the firm of Zeiner Brothers at Jamestown, has been assigned for a hearing in Probate Court at 10 a. m. FILE 25 ACCIDENT CLAIMS DURING MAY

During the month of May, industrial workers of Greene County filed twenty-five accident claims with the Ohio Industrial Commission, and of this number one fatality was recorded.

None of the mishaps caused permanent partial disability, while six caused more than seven days lost time, and four a time loss of seven days or less. Fourteen claims were medical cases, involving no lost time. The time loss for the county by reason of accidents was 6,159 days.

In May, 1931, Greene County had forty-four accidents, none of which were fatal, and a time loss of 797 days.

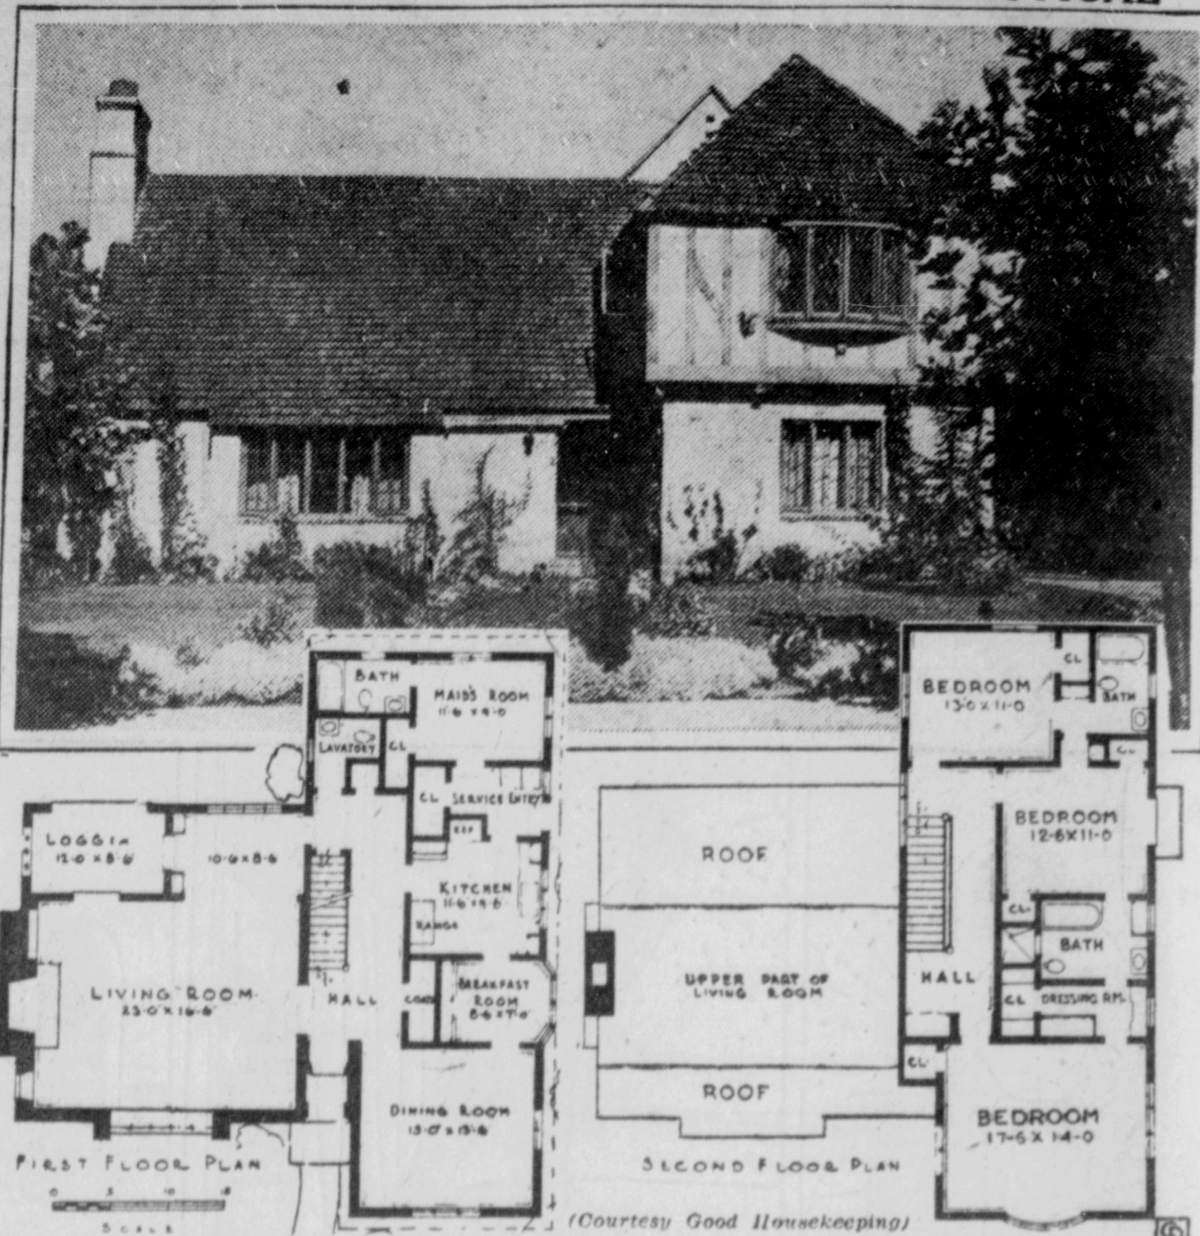

The reduction of nineteen in the number of claims filed in this county in May as compared with the same month a year ago was in keeping with the state-wide record of only 10,173 claims, representing the lowest accident frequency since statistics have been compiled by the division of safety and hygiene.

Three Bandannas

A fashion tip from Hollywood is this novel bathing suit, worn by pretty Mary Carlyle. It is fashioned out of three decorative bandanna handkerchiefs, which supply just about enough material to construct a pretty swimming outfit. But what would happen if Mary should want to put one of the handkerchiefs to the purpose for which it was originally intended?

XENIAN APPOINTED TRUSTEE OF ESTATE AFTER BANKER DIES

An official inquiry being made into the affairs of various estates of which Harlan C. West, Springfield banker, who committed suicide in a Columbus hotel recently, was either trustee or guardian, has extended into Greene County.

Attorney J. A. Finney, this city, has been appointed in Probate Court here as successor to West as trustee of a fund created by the will of Albert F. Hopkins, which was probated December 23, 1925. The estate's value is placed at \$14,507.35 and the new trustee qualified by furnishing bond of \$30,000.

Court records revealed that West had qualified as trustee of the estate March 26, 1928, posting a bond of \$15,000 with The Columbus Casualty Co., by James S. Webb, attorney in fact, as surety.

Hopkins was a resident of Yellow Springs and his will provided for the payment of \$500 annually to Mrs. Margaret Raymond, his housekeeper, for the remainder of her life. The balance was bequeathed to Evon R. Jones and Alma G. Jones, his wife, and their children, of Success, Saskatchewan, Canada, upon Mrs. Raymond's death.

An accounting of the Hopkins estate, filed in court here March 16, 1932, listed charges of \$15,874.35 and credits of \$1,367, leaving a balance of \$14,507.35. The latter included \$14,500 in Federal Loan bonds and \$7.35 in cash in The First National Bank and Trust Co. The investigation of West's affairs, in order that proper accountings may be filed in connection with the different estates for which he acted as trustee or guardian, is being handled by Lawrence E. Laybourne, Springfield attorney. Mrs. Nellie L. West was designated administratrix of the West estate in the Clark County court.

Attorney Laybourne said that accountings of the various estates will be made as rapidly as possible, but that each estate under West's control must first be investigated.

OLD WORLD SPOT IN OHIO

Spirit of Bazaar Prevails At Monthly Auctions Held At Kidron, Ohio

WOOSTER, O., June 20—The Kidron community near here—listed population seventy-eight persons—conceals in its relative obscurity a touch of the bazaars of India, the feast day merchandising of the Jerusalem of the Day of Jesus, the great sales of Nijal Novgorod of the Old Russia.

Kidron is the home of the auction, a cross-roads community in southern Wayne County where farmers, and quiet folk from religious settlements and city men gather in great numbers the third Thursday of each month to barter and trade their goods.

For seven years and two months Kidron has held its auctions. More than a million dollars has been involved in its transactions for that period.

On auction day, Kidron receives crowds of 5,000 persons and more. Farm produce is sold, cattle, horses, household goods, all the essentials of life.

Clinging to many of the offered articles, trucked in for the auction, are historic and traditional significances. City folk come to buy ancient furniture to place in elegant drawing rooms.

POT-POURRI

By DEAN HALLIDAY

Garden Expert for Central Press and The Gazette

"How do you make a rose jar?" asked my neighbor. "I remember that my grandmother had one for years and it was certainly sweet smelling."

"You mean what the French call a 'pot-pourri'?" I replied. "Our grandmothers' rose jars and sweet jars were but simplified forms of the early French pot-pourris."

One type of rose jar is kept in a dry state. Here is a recipe for such a jar that is simple and flexible:

Gather rose petals early in the morning and spread on several thicknesses of newspaper to dry. Sprinkle with salt to retain the oil and act as a preservative as they dry. Weather has a great deal to do with the ultimate success, for they should be dried on bright days, in sheltered sunshine, protected from breeze and dampness. Damp, cloudy days cause mould and discoloration. When the edges begin to curl, finish them in dry shade, lest the sun parch them and destroy the fragrance. In a week's time they should be thoroughly dried and if properly done, retain their color.

As you will need many petals, gather from day to day and dry them until they weigh one-half pound. At the same time you may be drying your lavender.

After the petals are dry combine the following ingredients: Dry rose petals one-half pound, dried lavender leaves one-half pound, ground orris root one-half pound, sandalwood powder one-fourth pound, table salt one-half pound, crushed cloves one ounce, crushed cinnamon one ounce, vanilla beans, incense punks.

Blend all together with the hands—no spoon should be touched to the delicate mixture. Smell of it as you mix, adding more of this or that ingredient as it seems to be needed. Set aside for a month in a covered jar, mixing now and then with the hands.

Farm folks come to fulfill an important trade and barter function of their economic existence. They feel the hide of the cattle and speak knowingly of the quality of the flesh. Automobiles fill surrounding fields, where horses stand patiently. The Amish folk own most of the buggies. They are a plain, religious group who regard the ownership of automobiles as unseemly.

The Amish people are of pioneer American stock. They have clung to many pioneer customs. But there are Yankees, Pennsylvania Dutch from Stark and Wayne County, villagers, gay curio seekers from Cleveland and Columbus and Akron cattlemen from far places, Jews, Dunkards, Mennonites, Syrians, Hungarians.

Many persons with memories of "the old country" who have come to America and find in the Kidron sales a happy reminiscence of old world customs.

The last sale involved total transactions of \$12,000.

It was a great day for Colonel S. C. Springer—the C. stands for "Cy." He founded the auctions. He is well liked. The Amish, who are a solemn people, smile freely at "the colonel's" humor.

When the selling is over and night starts with a black stain on the flat eastern horizon, there is a celebration. Chickens are released and captured by the fleet of foot. The automobiles leave first for their owners in the habit of impatience. The buggies go off afterward to farmhouses hidden across the countryside.

Max Conklin, near Bowersville, pleaded not guilty in Municipal Court Saturday to an affidavit charging him with issuing a check for \$50 without sufficient funds in the bank, and was released under \$500 bond for a hearing Monday. The affidavit was filed by Jean Patton, automobile dealer at Jamestown. The check was drawn on the Bowersville Bank.

SOIL EROSION AND ITS EFFECTS WILL UNDERGO TEST SOON

COLUMBUS, O., June 20.—A farm in Muskingum County will become next fall the scene of an experiment to determine effects of soil erosion, under direction of the United States Department of Agriculture and the Ohio Experiment Station, it is announced.

L. A. Jones, Washington, federal agriculture department engineer, made the announcement at an extension engineers conference held preliminary to the convention of the American society of agricultural engineers at Ohio State University. The meeting opens Monday.

The farm is located five miles northwest of Zanesville. It contains 220 acres. Primary in the experiments will be the use of terracing to determine the degree of erosion control obtainable. Terracing has been used extensively in rolling farmlands of the south and southeast.

Seventy-five per cent of farmland in the nation suffers from erosion, Jones said, and 17,000,000 acres have been rendered useless for growing.

The engineers sought recreation during the afternoon, ending their pre-convention conferences.

TWO AUTOS PER FAMILY

NEWTON, Mass.—This city, one of Boston's wealthiest suburbs, has nearly two automobiles for every family. There are 14,000 families and 23,000 automobiles.

A very important meeting of the Greene County Training Class is being planned to be held over night at Camp Miami, June 25. The camp will be in readiness at that time for the opening of the camping season to begin the following afternoon. This will give fine facilities for an overnight session and a good time.

Troop 41, under Scout Master Ed. Cornwell, held its meeting at the Scout Cabin, Wednesday night and had a good attendance. Plans were discussed for an over night hike for next week.

Scoutmaster Cornwell took nine of his troop to Wright Field where they were shown a picture concerning airplane and given a short talk, and shown the workings all over the field.

Troop 75 met at Scoutmaster Haney's home last Friday evening with the meeting opened in the usual way. Plans were discussed and laid to get ready for the campfire in August. The boys are going to try and live up to their standard and bring home a prize.

They have had two over night hikes this summer and expect several more, the next one being June 20. They are planning to hike to Xenia Scout Cabin for an over night hike June 27. An over night hike will be on July 3 with all day the fourth spent on the grounds at Jasper, July 20 at the old Battle Grounds (Wimershfield).

Members of Troop 41, Boy Scouts of America, will enjoy an overnight hike to Camp Miami near Yellow Springs, leaving Xenia Wednesday morning and returning Thursday afternoon. The regular meeting of the troop will be held at the camp Wednesday evening.

All Scouts planning to go on the hike are asked to meet at the Scout Cabin, Shawnee Park, Wednesday morning at 8:30 o'clock, according to Edward Cornwell, assistant Scoutmaster.

Each Scout is asked to take two

blankets, wash cloth, towel and soap, tooth brush and tooth paste, Scout handbook, knife, fork and spoon, drinking cup, axe, Scout knife, bathing suit, rain coat, and enough food for two dinners, supper and breakfast.

ICE WAGON WRECKED WHEN HIT BY AUTO

An ice delivery wagon driven by Francis A. Klein, 920 W. Second St., was wrecked and cakes of ice were strewn over the street when the vehicle, parked in front of the home of Charles Whittington, N. Detroit St., was struck by an auto at 8:45 p. m. Saturday.

The horse was unhurt, but the wagon upset after the auto hit the left hind wheel. Between 700 and 800 pounds of ice were demolished, the owner estimated.

Klein was returning to the wagon after making an ice delivery when the mishap occurred. The auto was driven by Donald

Bone, son of William Bone, tenant farmer on the Shoup farm, Dayton-Xenia Pike, and was also occupied by John Graham, Dayton Ave.

A VARNISH

THAT CHALLENGES ROUGH TREATMENT

LOWE BROTHERS NEPTUNITE FLOOR VARNISH (Quick-drying) actually challenges rough treatment. And here are the reasons why:

It is so elastic that the pounding of countless footsteps never causes it to break. And it is so tough

that it even resists the scraping of moving furniture.

Nor is that all. Hot or cold water will not affect NEPTUNITE FLOOR VARNISH (Quick-drying) nor mar its beauty in any way. It flows on perfectly and levels out smoothly. Be sure to see us before you refinish.
